OF EMERGENCY SERVICES

SITUATION SUMMARY

Weather of Concern

- A cold low pressure system centered near Point Conception will move slowly southeast over Southern California through Monday afternoon. This will bring snow showers in the mountains above 4500 feet with periods of heavy snowfall possible above 5000 feet which will affect travel through the mountains of Riverside, San Bernardino, and San Diego Counties.
- A Flash Flood Warning is in effect until 1930 hours this evening for Central Ventura County.
- A Flash Flood Warning is in effect until 2000 hours this evening for the Springs Fire Burn Area in Ventura County.
- A Flood Watch is in effect until 1600 hours Monday afternoon for portions of Imperial and Riverside Counties.

RECOVERY ACTIVITIES

Round Fire, Inyo and Mono Counties

- Recovery Individual Assistance continues to work with Mono County on the Initial Damage Estimate.
- The American Red Cross and Salvation Army continue to offer their support services.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate a biweekly state interagency conference call regarding drought community impacts.
- Regional (Inland, Coastal, Southern) conference calls will occur once a month beginning 02/09/15.

CAL OES MISSIONS

New Cal OES Missions

- **2015-LAW-8830, 3/1/15, 1754 hours**, International Emergency Rescue Coordination Center (IERCC) advised of a SPOT “SOS” activation at GPS coordinates 37 23.02N, 122 15.55W, which plotted on La Honda Road in San Mateo County. IERCC advises they only received three pings and then the device ceased with no further signals received. IERCC was able to talk with the listed emergency contact for the device's registered owner (R/O) and learned he had planned on riding his motorcycle today. At 1809 hours, LDO learned from the emergency contact that she had talked with her brother and he had been in a motorcycle accident. He had activated his SPOT device because of the accident and was now being transported via ambulance to Stanford Hospital. LDO contacted San Mateo County Sheriff's Communication Center who confirmed that the California Highway Patrol was investigating a motorcycle accident at 14351 La Honda Road involving the device's R/O. LDO updated IERCC and confirmed the device was no longer activated. **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
